James is a hard worker and an important asset and problem solver. He brings 20 years of construction industry in residential and commercial areas. James is versatile and always ready to makes changes on the move.

CMO: Joseph

Joseph brings a great work ethic and has integrity in all he does. He brings 10 years of construction industry and knows the ins and outs of the business.

PRODUCT/SERVICE OFFERING

Chiles Tiles is a service that offers quality, essential replacement and retiling services. Our primary service will be retiling floors, shower, and kitchen back splashes. Our main focus will be centered around flooring which is projected to bring in 50% of our revenue, our shower retiling service is estimated to bring in 35% of our revenue with our kitchen back splashes bringing in the remaining 15%. We plan to open and begin our operations in July 2027.

Our flooring services consist of the removal of old tile, leveling out floors as needed, and the application of new tiles. Our shower and kitchen back splashes services consist of the removal and replacement of the hardy back and tile. All services also include grouting and any finishing touches required, along with any and all other clean up. Chiles Tiles doesn't require any second-hand contracting or outside influences. However, we are willing to work with these individuals and entities that has the need to acquire our services. Our primary focus is working directly with the customers, providing convenience, affordable pricing, and quality tiling services for the smaller jobs and individual consumers.

Our future plans are to obtain a brick and mortar establishment in order to procure and store a reasonable amount of inventory of tile to be distributed to our customers at fair price. Our goal is to provide a quality, affordable service throughout Lubbock and the surrounding areas.

MARKET/INDUSTRY

The estimated growth of the city of Lubbock from 2016 to 2024 has consistently increased at a rate of 2.9%. With this increase in population and growth in housing developments Lubbock is a rapidly growing city. According to market research consumers may opt to upgrade their homes instead of spending discretionary dollars on vacations. With the high cost of purchasing a new house as well as a full remodel, it is cheaper to upgrade with there being a variety of options of tile selections such as ceramic, vinyl, glass, and stone just to name a few. The tiling industry is a billion-dollar industry and is a highly fragmented market, it is projected to grow at a steady rate of 7.4% by the year 2030.

COMPETITION

The barriers to entry are limited because of the low costing overhead, all that is essentially required is the knowledge of tiling, purchase of the necessary tools and equipment, transportation and to have the customers that require the services. The demands for tiling services depend on residential and commercial construction. With many fixed cost profitability of individual companies depend on the volume. Some of our direct competitors will be Mohawk Industry and Dal Tiles since they are the biggest and most frequented tiling companies in the Lubbock area. Our indirect competitors would be Lowes, Home Depot or any place that influence the D.I.Y culture.

DIFFERENTIATION

Chiles Tiles is a premier tiling service company whose specialty operation is fixing and replacing tile. Since we are entering a basic service industry our differentiation will be vitally important to our business success. What gives us a competitive advantage is we will cut out the middle man and eliminate the subcontracting expenses. Unlike the typical remodeling companies where the tile work is only a piece of the whole project, our primary focus is specializing in only tile work, prioritizing the small jobs. We are more hands on with our clientele by walking them through each step of the job and advising them on the best choices and selections throughout the process.

MARKETING STRATEGY

PRICE:

Chiles Tiles will be providing affordable tiling services to the Lubbock area. We will be offering flooring, bathroom remodeling, kitchen backsplash and anywhere else you need tiled. Our pricing will be very competitive ranging from \$2 to \$3 dollars per square foot for flooring installation, our restroom remodels will range from \$3,500 to \$10,000 depending on the square foot of it. Other tile jobs will be priced according to the customer's needs.

PLACE:

We will be located and serving the Lubbock and surrounding areas which include but not limited to South East, South West Lubbock and neighborhoods like Bell Farms, Burgamy Park, and Upland Crossing which will allow us to take advantage of these growing communities.

PROMOTION:

Our initial promotions will consist of business cards, social media promotions, through ads, flyers and of course one of the most trusted forms of promotions word of mouth. We will also start with a Google home page for reviews and showcasing pictures of our work.

VISION AND OBJECTIVES

Two Months Before Starting

- Start marketing campaign
- Purchase tools
- Purchase truck
- Get General Liability Insurance for business
- Get LLC and open business checking account

First Two Months After Starting

- Hire help
- First project complete
- Continue with marketing campaign

First Year

- Half a million in sales
- Work on capital to expand business
- Establish more contacts with more contractors

Second Year

- Hire an additional crew
- Purchase new truck and tools for new crew
- Network to expand to commercial industry

Fifth Year

- Expand to surrounding communities
- Have a total of 4 crews

Tenth Year

- Expand to full home remodeling
- Open a tile retail store

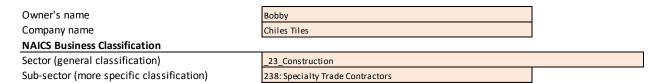

Philanthropy

I would like to donate 5 to 10% of my net profit to the children's home of Lubbock.

Community Impact

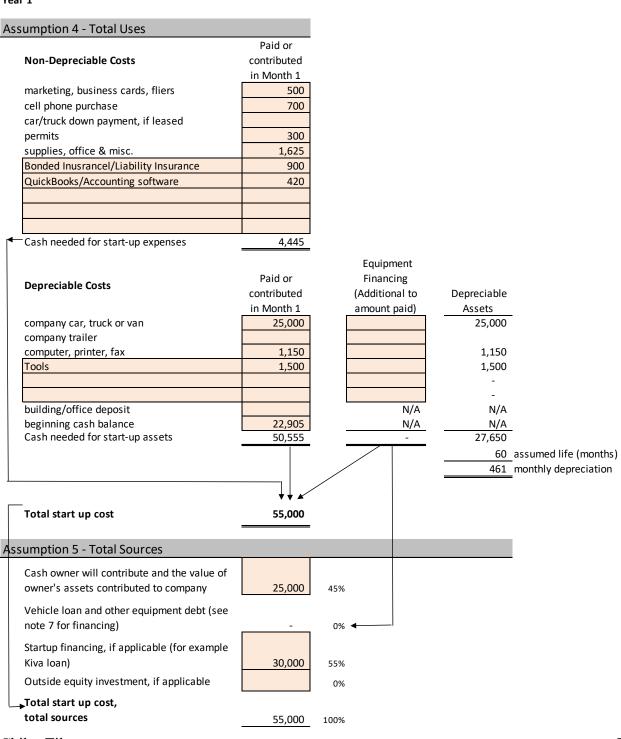

I would like to sponsor AAV basketball teams.
