#### **LEADERSHIP STATEMENT**

**CEO/COO:** Christopher is a strong and dedicated leader. He possesses compassion and has the commitment required to prove the best quality food and hospitality to his customers. He has 30 years of food service experience ranging from bus-boy to general management. He is serve-safe certified and has vocational certifications in structural steel, pipe, stainless-steel welding and carpentry. That combined with his many years of experience will make him an excellent leader.

**CMO:** Andrew is a confident leader with excellent communication skills. He is determined to put these skills to work for the completion of many different jobs. He has many years of experience in both plumbing and remodel, mainly in the commercial construction arena. He gained licenses and certifications in these industries and cannot wait to start his own business with enthusiasm.

**CFO:** Eric is a motivated individual and has a no quit attitude when it comes to challenges. He possesses 28 years of experience in his trade and loves what he does. He has a certificate of completion for machining basics and CNC from Gary Job Corps Center as well as a school certificate in this field through the US Navy. He enjoys what he does and loves new challenges.

#### PRODUCT/SERVICE OFFERING

Grumpy's Pizza is a family fun center committed to providing top quality food and fun to our customers. We will provide a wide variety of delicious pizza's and gourmet salads, authentic Italian desserts, an arcade, go-karts and laser tag among other attractions. We predict that our food products and desserts will account for 70% of our total revenue, the games and attractions will account for the other 30%. Our plan is to open our doors to the public in the spring of 2030 at our flagship location in the Dallas Metroplex.

Our specialty pizzas, gourmet salads, decadent deserts and oven roasted sandwiches are crafted using only the highest quality meats and fresh never frozen vegetables, as well as a vast assortment of 100% natural cheeses. Our attractions will be safe, supervised and insured. We are guaranteed to provide our customers with a thrilling experience. To contribute to our competitive advantage, we will have low prices as well as a kosher kitchen to cater to Jewish and Islamic communities. We also provide delivery and pick-up services from our user-friendly app 24 hours a day. We hope to expand nationwide and take the pizza industry to the next level. We are passionate, experienced and dedicated to providing top quality food and fun to our customers.

#### MARKET/INDUSTRY

The restaurant industry is a twenty billion dollar per year industry with an 8% annual increase. The smaller family owned local restaurants have the capability to offer grand celebrations and intimate gatherings in more peaceful family-oriented atmosphere. Our gourmet food and attractions will draw in an estimated 10% growth annually, setting the standard for Grumpy's Pizza and Entertainment.

#### **COMPETITION**

Our direct competition will be other pizza parlors and entertainment centers such as Mr. Gattis, Main Event, Chucky Cheeses and Dave and Busters. Our indirect competitors will be local Italian restaurants such as Olive Garden and Carrabba's.

#### **DIFFERENTIATION**

We differ from our competition through our dedication to our customers satisfaction and the variety of our attractions that offer guests of all ages to participate in our games and amenities. We also offer our customers the convenience of a twenty-four-hour delivery service.

#### **MARKETING STRATEGY**

#### **Price:**

Our pricing model will be fairly simple. We will keep an eye on pricing levels in the local markets and charge a percentage more for our products. Cost plus pricing will help us cover expenses and garner profits, which eventually will partly be utilized for local charitable causes such as Toys for Tots, Soup Veteran, Red Cross, and local school sponsorships. This is our strategy to not only profit, but to give back to our communities; because at Grumpy's Pizza, we will not only succeed as a company, but as a family.

#### Place:

Grumpy's Pizza & Entertainment will be located in Dallas, Texas on property that is already owned. Our customers will come from the local city and possible rural areas within a 10-20-mile radius.

#### **Promotion:**

Our customers will learn about our business through school sponsorships and signs as well as social media, radio, television, and word of mouth due to our focus on customer satisfaction. YouTube will be used to post video content of our production phases and attractions. Instagram will be used to post photos of our picturesque gourmet quality food along with local school field trips and sporting events. Lastly, we plan to use LinkedIn to network with other local restaurants to fund charitable causes listed above.

We welcome the public to come visit us at Grumpy's Pizza & Ent. to experience dining and family fun like never before in the heart of Dallas. Our customers will experience food and fun far beyond the current market standards.

#### VISION AND OBJECTIVES

Our mission at Grumpy's Pizza is to provide top quality food and fun to our customers at prices you can afford. I have personally spent thirty years working in various positions in the food industry. Our idea is to create a fun center where families and sports teams and the greater Jewish and Islamic communities can make memoires that will last a lifetime.

#### First Year:

In our first year, we plan to open our primary location in Dallas, Texas. Complete with a totally separate Kosher kitchen as well as multiple attractions.

#### Fifth Year:

In our fifth year, we plan to open another location in the Fort Worth Metroplex expanding our customer base and adding additional attractions.

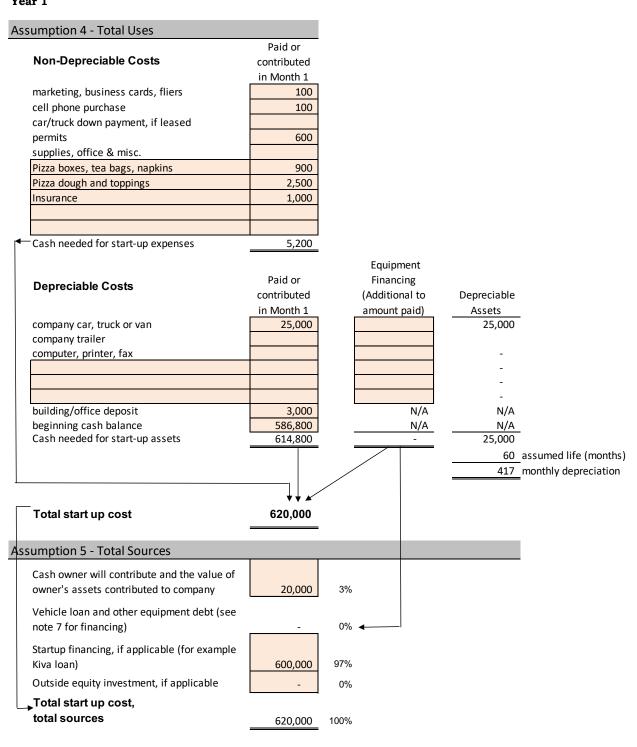

#### Tenth Year:

By our tenth year, we hope to have opened a more adult appropriate bar and grill location in the DFW. The goal is to eventually expand and grow to multiple locations in the state.
